Title: CHANNEL TO CONTROL SEAL WIDTH IN OPTICAL DEVICES

Attention: Office of Petitions
Assistant Commissioner for Patents
Box DAC
Washington, D.C. 20231

The above-identified application became abandoned for failure to timely file a Request To Rescind A Previously Filed Non-Publication Request with the United States Patent and Trademark Office within 45 days of foreign filing of the subject application.

We failed to notice the Request For Non-Publication in the file when this and numerous other files were transferred to our firm from another law firm.

The entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition under 37 CFR 1.137(f) was unintentional.
